Sub: Carbon Credits registration, Verification, and Carbon Asset Management for Solar Power Project under Compliance or Voluntary Carbon Credits mechanism, 1 MW Capacity of Solar Project by Sidwin Fabric Pvt. Ltd.; as mentioned below:

Dear Sir,

We refer to our communication, we are now pleased to place this work order for captioned services for our Solar Power Project consisting of 1 MW capacity, as per the following understanding:

Terms of Agreement

Sidwin Fabric Pvt. Ltd. Project Activity and Products and Services Undertaken by Creduce Technologies Private Limited.

1. **Sidwin Fabric Pvt. Ltd. ('SFPL')** hereby engages **Creduce Technologies Private Limited ('CTPL')** as Consultant and Service Provider for captioned services, (more particularly described/ illustrated in Para 2 and 3 hereafter) for the following project activity:

Project Activity: Solar Power Project of 1 MW capacity for Generating electrical power up by Sidwin Fabric Pvt. Ltd.

2. Overall objective of SFPL assigning this work to CTPL is to get one-point assured service for getting their Solar power project registered with UCR / VOLUNTARY Board and other National/ International agencies for UCR / VOLUNTARY benefits, and for getting subsequent processes smoothly carried out for CER/VER for entire project life on continuing basis. CTPL's team has gone through the merits of SFPL's case in detail and assures SFPL that the above-mentioned project activity is eligible for getting registered for UCR / VOLUNTARY benefits and for continuing UCR / VOLUNTARY benefits for the project life.
3. Scope of CTPL work shall include each and every activity and work required to be done to achieve the aforesaid overall objective including (but not limited to) registration of the project for UCR / VOLUNTARY benefits with UCR / VOLUNTARY Board and other agencies (Such as Designated National Authority – MOEF) and subsequent processes and transactions. Partial list of typical work/ activities involved is illustrated below:
 - a) Collection of required data / information from SFPL and technology/ machine supplier
 - b) Preparation of project information note & project description (PD) / PDD
